# PROFIT REFERRAL PROGRAM

## Reference & Terms

### **We want you to make money!**

Our Referral Program can help you make money *without carrying any inventory!*

And gives you a commission on every book sold because of your referral!

***Our book is recognized and used by instructors all over the U.S.***

Now is your opportunity to take advantage of the growing firearm training industry by participating at the root level of training, with the book that helps train folks properly!

Every day firearms instructors and their students are reaping the benefits of our book, and these are the folks who can provide you the highest financial return.

You **earn a \$1 for every book an instructor orders** for their students. Now a dollar may not sound like much, but the growth is exponential. At the end of the year, you could realize a four or even a five digit income. There are three levels of participants in this program:

1. The *Instructor's* Trainer, Dealer, Manufacturer or the Firearm's Representative.  
— ***This is you!*** (henceforth referred to as the Profit Program "***Participant***")
2. The Instructors that hold classes and teach students the firearm disciplines.
3. The students themselves (they can be any age, any experience level)

You can use our *Income Projection* spreadsheet to realistically estimate your potential income for the next five years. These projections also allows for an adjustable attrition rate.

We have a special web page to provide Instructors their extra ***\$2 Discount*** and enter your exclusive commission code: <http://Profit.FirearmFundamentals.net>
